Hello Jamie,

Please see the updated table that includes monitoring and notifications that were performed early this week. We have underlined the updates in the table for ease of review.

Sincerely,

### Jesse P. Varsho, P.E., P.G.

Jesse,

Thank you for sending this updated information. Do you know when the additional follow-up actions will occur? Can you send us an update once those follow-up communications have been made?

Thanks, Jamie

Subject: RE: WLLF OU-2 send day notification report

Hello Jamie,

Please see the update, summarized below, related to off-site notifications for the West Lake OU-2 Inactive Sanitary Landfill (ISL):

- Missouri Asphalt (13570 St. Charles Rock Road), methane monitoring was performed on July 13, no methane was detected.
- Several continuous methane monitors, for placement in off-site buildings, have been ordered and are expected
  to be delivered to the Site this week.
- Bridgeton Landfill, LLC personnel will follow back-up with the following property owners to see if they would like the property monitored for methane and/or installation of a permanent methane monitor:
  - o ITF Group (13330 Lakefront Drive)
  - Beleaf (13378 Lakefront Drive)
  - Dodge Moving and Storage (13390 Lakefront Drive)

If you have any questions, please contact me.

Sincerely,

#### Jesse P. Varsho, P.E., P.G.

Jesse,

Thank you for submitting the required 7-Day Notification Report. There were some follow-up notifications and actions planned to take place last week as documented in Attachment A. Can you provide any follow-up on what activities occurred last week?

Thanks, Jamie

Subject: WLLF OU-2 send day notification report

Hello Jamie,

Per the OU-2 Explosive Gas Monitoring Plan, please see the seven day notification report for perimeter landfill gas monitoring wells locations 1-3 (BRISL001, BRISL002, and BRSIL003).

# Sincerely,

# Jesse P. Varsho, P.E., P.G.
